# Cruise Highlights

**Card Player Cruises invites you to visit these exotic ports with us!**

## **Juneau, Alaska:**

Juneau, the capital of Alaska, was founded during a gold rush in 1880. Today, the former gold-mining town counts among its riches some of Alaska's most spectacular scenery. Nestled at the foot of Mt. Juneau in the Alaska Panhandle, it faces the water from the mainland side of Gastineau Channel. Several magnificent fjords are located along the channel coast, and the majestic Mendenhall Glacier, a favorite of visitors, is nearby. If you're especially lucky, you might even sight some 40-ton humpback whales!

---

## **Skagway, Alaska:**

When gold was discovered in the Klondike region of the Yukon Territory (just across the border from Alaska), it resulted in the historic Gold Rush of 1898. As thousands of gold-crazed adventurers sought the best starting point for their arduous trek, they found the deepest penetration possible by boat was at the northern tip of the Lynn Canal. This is how Skagway was born.

## **Tracy Arm Fjord, Alaska:**

Nestled between 3,000-foot high granite walls, the narrow, twisting slice of ocean called Tracy Arm Fjord weaves through the Tongass National Forest for roughly 35 miles. The shoreline is spotted with waterfalls created by melting snowcaps and trees sprouting at odd angles from rocky outcroppings. You will have ample time to admire the landscape and perhaps catch sight of a few native animals as you cruise through this port.

---

## **Victoria, British Columbia:**

Located on the southern tip on the island of Vancouver in British Columbia, the city of Victoria is probably best known for its mild climate and active outdoor lifestyle. (In fact, the city has been named the "fittest city" in Canada more than once.) As the capital of British Columbia, the city is very tourist-friendly. Among the many attractions are world-famous gardens, its 150 years of British history, gourmet dining and fantastic shopping.

## **Things You Don't Want to Miss:**

### **Alaska Inside Passage:**

Millions of years ago, southbound glaciers carved out the Inside Passage, leaving majestic fjords, islands and bays in their wake. Today, the spectacular views will leave a lasting impression on you. From the lush greenery of Tongass National Forest - the world's largest and northernmost temperate coastal rainforest - to the brilliant blue glaciers, you'll see jaw-dropping beauty everywhere you look. If you're especially lucky, you might even sight some 40-ton humpback whales!

### **Skagway, Alaska:**

Take the unforgettable journey aboard the "Scenic Railway of the World" and travel 20 miles from tidewater to the summit of the White Pass - a 2,865 foot elevation. Ride in vintage rail cars as you retrace the original route to the White Pass summit. This fully narrated tour features panoramas of mountains, gorges, waterfalls, tunnels, trestles and historic sites. See the original Klondike Trail of '98 worn into the rocks, a permanent tribute to the thousands of souls that passed this route in seek of fortune. Experience this unique railroad that symbolizes accomplishment in the adventure of pioneering - triumph over challenge.
